

MASTER SERVICES AGREEMENT (VERSION 2 - REVISED DRAFT)

This Master Services Agreement ("Agreement") is dated February 1, 2026, between CloudMatrix Solutions Inc. ("Provider") and Horizon Media Corp. ("Client").

1. SERVICES AND STATEMENTS OF WORK

Provider shall perform software development and cloud deployment services described in Statements of Work ("SOW") executed by both parties.

2. PAYMENT TERMS AND INVOICING

Provider shall invoice Client on a monthly basis for services performed. Client agrees to pay all undisputed invoices within sixty (60) days (Net 60) of invoice receipt. Overdue invoices shall accrue interest at 2.5% per month.

3. TERM AND TERMINATION

(a) Term: This Agreement is effective for one (1) year.

(b) Termination for Convenience: Client may terminate this Agreement immediately for convenience without cause upon providing seven (7) days' written notice.

(c) Termination for Cause: Either party may terminate upon fifteen (15) days' written notice for uncured material breach.

4. CONFIDENTIALITY

Each party agrees to hold the other's Confidential Information in strict confidence for a period of three (3) years following disclosure, using at least reasonable care.

5. WARRANTIES

Provider warrants that Deliverables will conform in all material respects with the applicable SOW specifications for a period of ninety (90) days from delivery.

6. LIMITATION OF LIABILITY

In no event shall Provider's aggregate liability exceed ten thousand dollars (\$10,000). Client liability remains uncapped.

7. INDEMNIFICATION

Provider shall defend and indemnify Client against all third-party claims, liabilities, and legal fees. The limitation of liability in Section 6 shall NOT apply to Provider's indemnification obligations.

9. GOVERNING LAW AND ARBITRATION

This Agreement shall be governed by the laws of the State of Delaware. Any dispute shall be settled by mandatory, binding arbitration under the rules of the American Arbitration Association in Dover, Delaware.

10. DATA SECURITY AND PRIVACY COMPLIANCE

Provider must implement SOC2 Type II controls, encrypt all Client data at rest using AES-256, and notify Client within 24 hours of any suspected security incident.
